BuildStrong Coalition Applauds Gaynor Confirmation as FEMA Administrator

WASHINGTON, D.C. – The BuildStrong Coalition commends Mr. Pete Gaynor on his U.S. Senate confirmation as the Administrator of the Federal Emergency Management Agency (FEMA). Gaynor has served as the Acting Administrator of FEMA since 2019, where he has done an admirable job leading the United States’ significant disaster recovery efforts during his tenure. As a longtime state and local emergency management official, Gaynor demonstrated his commitment to disaster mitigation and building resilience through investments in critical lifeline and residential infrastructure.

The BuildStrong Coalition is honored to work alongside Administrator Gaynor and will continue to support FEMA and its leadership in its dedication to the successful implementation of the Disaster Recovery Reform Act of 2018 and the Building Resilient Infrastructure and Communities Grant Program. BuildStrong congratulates Administrator Gaynor on his confirmation and looks forward to a successful continued partnership as we work together to build a more resilient nation.

About the BuildStrong Coalition

The BuildStrong Coalition is a group of firefighters, emergency responders, insurers, engineers, architects, contractors and manufacturers, as well as consumer organizations, code specialists, and many others committed to building a more resilient America. Learn more at buildstrongamerica.com.
